Matriculation | Computer Science
Umul Madaris Model School
📅 2021   📍 Street Gulberg, Block B, Faisalabad, Punjab

EXPERIENCE

Full Stack Web Developer Intern
**Gamicacloud (GIAIC)**
📅 2024 - Present
📍 Dhobi Ghat Lane 1, Near Narr Wala Chowk, Faisalabad, Punjab
for Artificial Intelligence & Computing

- Built scalable web apps with React.js and Next.js, boosting engagement and performance.
- Developed REST APIs using Node.js, Express, and integrated MongoDB/MySQL for efficient data management.
- Secured apps with JWT authentication and optimized data querying with GraphQL.
- Enhanced UI/UX using Bootstrap and Tailwind CSS for responsive design.
- Used TypeScript for improved code quality; leveraged Redux for state management in complex apps.
- Collaborated in agile teams, using GitHub for version control.
- Designed visuals with Canva, collaborated with UX/UI designers, and deployed apps with AWS.

MY TIME

- A Designing
- B Coding / Development
- C Testing & Debugging
- D Deployment & Maintenance

SUMMARY

At GAMICA CLOUD (GIAIC), I spearheaded the development of scalable web applications, enhancing performance by 80% through innovative React.js and Next.js solutions. My collaborative skills shone in agile environments, driving team success. Expertise in JavaScript and problem-solving ensured project milestones were not only met but exceeded, showcasing adaptability and technical prowess in delivering tailored client solutions.

SKILLS

Programming Languages ⇒   **JavaScript**

TypeScript (TS)

Front-End Development ⇒   **HTML**

CSS   **Bootstrap CSS**   **Tailwind CSS**

React.js   **Next.js**   **jQuery**

Material-UI   **React Redux**

Redux Toolkit

Back-End Development ⇒   **Node.js**

MongoDB   **MySQL**   **GraphQL**

REST APIs   **JWT**

Tools & Technologies ⇒   **AWS**   **GitHub**

Canva

Soft Skills ⇒   **Teamwork & Collaboration**

Problem Solving   **Adaptability**

Time Management

DEDICATION

⚡ **I'm passionate about crafting clean, user-friendly web experiences from design to deployment.**
